Multifunction

Departmental

The productive, efficient 40 ISO ppm<sup>†</sup> color MFP with PrecisionCore Heat-Free® technology.

**PrecisionCore Heat-Free technology** — simple, smart and clean solution that delivers outstanding quality with low waste

**Powerful business productivity** — print speed of 40 ISO ppm<sup>†</sup> (black/color); fast first page out

**Engineered for reliable performance** — recommended monthly print volume of 6,000 to 60,000 pages

**Energy efficient** — lowest power consumption in its class<sup>1</sup>, up to 45% lower vs. color laser printers<sup>1</sup>

**Remarkable image quality** — DURABrite® Pro fast-drying, water-resistant pigment ink delivers vivid color and crisp black text

**Robust security** — full suite of advanced security features

**Versatile options** — the ideal solution for stacking, stapling, creating booklets and hole-punching; fax and multi-network options

**Compatible with Epson® Solutions Suite and industry-leading third-party solutions** — Epson Open Platform for seamless workflow integration

**Large touchscreen operation** — intuitive, user-friendly 10.1" color touchscreen with customizable interface

**Space-saving design** — uses the least amount of floor space in its class<sup>2</sup>; inner finishing option available
